## School Accountability Report Card

### Reported Using Data from the 2014-15 School Year

#### Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (Most Recent Year)

#### Statement of Philosophy

Mountain House's philosophy is based on the idea that the purpose of education is to provide a continuation of essential learning. It is our ultimate goal to supply each student with basic facts and experiences. These will aid our youth in becoming self-sufficient individuals mentally, physically, socially, and morally so that they can meet the demands of a rapidly changing society. It is essential to instill in each student the importance of individual worth and to create a positive self-image through the personal development of initiative, resourcefulness, and responsibility.

It is the intent of the faculty to lead students toward being disciplined, productive, informed, and fulfilled individuals. To achieve the ideals, mutual respect and understanding must be present in the learning process on the part of all participants--the faculty, students, and community.

#### Community & School Profile

Mountain House School is located in Eastern Alameda County, halfway between the towns of Livermore and Tracy. It is a rural ranching and farming community covering about 30 square miles. There is only one school in this unique small district, whose building has been there for over 100 years. The school was first founded in 1893.

The Mountain House School staff is composed of Board of Trustees and two full-time teachers. Support staff includes an administrative secretary, one full time instructional aide, one instructional /cafeteria aide, and a bus driver/maintenance worker. During the 2013/2014 school year, the school served 22 students in grades kindergarten through eighth.

### Student Enrollment by Grade Level (School Year 2014-15)

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2013-14	2014-15	2015-16	2015-16
With Full Credential	2	2	1	1
Without Full Credential	0	0		
Teaching Outside Subject Area of Competence (with full credential)	0	0		

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2013-14	2014-15	2015-16
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	
Vacant Teacher Positions	0	0	1

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2014-15)

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
All Schools in District	100.0	0.0
High-Poverty Schools in District	0.0	0.0
Low-Poverty Schools in District	100.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

Year and month in which data were collected: September 2015

Mountain House School held a Public Hearing on September 13, 2012, and determined that the school has sufficient and good quality textbooks and instructional materials pursuant to the settlement of Williams vs. The State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. The school does not have a Visual/Performing Arts program.

All textbooks and instructional materials used within the school are aligned with the California State Frameworks, State Board of Education, and district standards. The selection process involves teachers, administrators, district support personnel, and parents. The district follows the State of California’s Textbook Adoption Cycle, which requires every school site to review textbooks in each curriculum area within a seven-year cycle; the goal is to replace textbooks at the rate of one subject area per year.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
<b>Reading/Language Arts</b>	4th-8th Houghton Mifflin - 2007 K-1 Open Court - 2007 2nd-3rd SRA/McGraw-Hill - 2007	Yes	0%

**School Facility Conditions and Planned Improvements (Most Recent Year)**

School Facilities

Mountain House School, originally constructed in 1893 and remodeled in 1975, offers a safe and secure campus for students, staff, and visitors. The school is currently comprised of two classrooms, one modular with a computer lab, one playground, and a multipurpose room.

The chart displays the results of the most recent school facilities inspection.

Cleaning Process

Mountain House School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for Mountain House School. A summary of these standards is available at the district office for review. A joint effort between students and staff helps keep the campus clean and litter-free.

Maintenance & Repair

A scheduled maintenance program is administered by the school site custodial staff. The administrative secretary works daily with the custodian to develop cleaning schedules that ensure a clean and safe school. Additionally, an operations and maintenance program is administered by Mountain House School District to ensure proper care, protection, and improvement for all classrooms and facilities. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

### Deferred Maintenance Budget

The State School Deferred Maintenance Budget Program provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. In the 2012-13 school year, Mountain House School did not participate in the deferred maintenance program due to the Tier III flexible provisions.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

**Opportunities for Parental Involvement (Most Recent Year)**

**Parent & Community Involvement**

The School Board encourages parents to become an active partner in their child’s education. Parents of Mountain House School support the school in the following ways:

- Volunteering in the classroom
- Monitoring the playground
- Chaperoning for field trips
- Assisting with activities
- Serving on the School Site Council

## State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### Suspensions and Expulsions

### School Safety Plan (Most Recent Year)

#### Safe School Plan

The safety of students is a priority of the school staff. Students are supervised throughout the day by teachers and instructional aides. There is a designated area for student drop-off and pick-up in front of the school. Visitors to the school must check in and out at the office.

Mountain House School's Site Safety Plan is revised each fall by the School Site Council, which consists of the School Board, teachers, classified staff, and parents. Key elements of the Safety Plan include student and staff safety, as well as disaster procedures. The staff members have copies of the plan, and any revisions are communicated annually. The plan was most recently updated and reviewed with school staff in August 2013.

The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Emergency drills, including fire drills, earthquake drills, and intruder drills are conducted on a monthly basis throughout the school year. In the event of an emergency, the school's Disaster Preparedness Plan has clearly defined procedures to accommodate crisis situations, and emergency supplies are available.

## Professional Development (Most Recent Three Years)

The school offers three staff development days annually where teachers are offered a broad-based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

### Curriculum Development

All curriculum development at Mountain House School revolves around the California State Content Standards and Frameworks. Teachers align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

The core curriculum for the Mountain House School District was developed through collaboration with teachers, parents, and support personnel from ACOE. The school's curriculum standards are updated regularly to align with the state frameworks, district goals, and the current needs of the school community.

To ensure that all students have equal access to the core curriculum, the district continually monitors the educational programs and makes modifications as needed.

### Counseling & Support Staff

It is the goal of Mountain House School to assist students in their social and personal development as well as academics. The county provides qualified personnel to provide special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure. There is currently no academic counselor at the school.

The chart illustrates the support services offered to all students at Mountain House School.

Services are provided to meet the individual needs of each student as identified through the Individual Educational Plan (IEP) process. Students that require special education receive services at the Livermore School District through the Tri-Valley SELPA. Students may participate in the before and after-school tutoring/Core Academics program offered at Mountain House Elementary.
